

## DENTAL PROGRAM

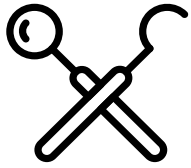

Everyone for Veterans (E4V) serves low-income combat veterans and their families. We collaborate with civilians and professionals to provide goods, services, and comprehensive dental care to veterans across the nation. Our veterans need our help and E4V provides the opportunity to engage in practical and tangible ways.

Each year, an average of 72 veterans and spouses receive comprehensive dental treatment through E4V's network of partnering dental professionals, providing more than \$300,000.00 in dental services at no cost to combat veterans and their families.

## COMPREHENSIVE DENTAL TREATMENT GOALS

Establish adequate  
function

Eliminate  
inflammation and  
infections

Establish adequate  
esthetics

## WHY PARTNER WITH E4V?

The VA provides dental care exclusively to veterans with a 100% disability rating, former POWs, or other limited conditions. This leaves millions of veterans with chronically poor dental health, living every day with pain and infection. This leads to a declined state of systemic health, depression, and low self-esteem.

Providing dental care, building trust, and showing we care is a very tangible way of saying, "Thank you for your service!" The free dentistry that you and your staff provide can be more therapeutic than you can imagine!

---

"I cannot put into words how incredibly happy I am right now. I find myself smiling a big full smile and do not feel embarrassed. I am talking more and holding my head high while doing it because my self-confidence has started returning an incredible amount and it's all thanks to the amazing work E4V does." -Iraq War Veteran, Jason Brink
